Dear Sam and Negar,  
Do you know what the plan is for transferring our clients to NY? We agreed to have them removed on April 5<sup>th</sup>. It is now getting to the point where we may have to seek a legal remedy for this situation, and we are hoping it won't come to that.  
Did you receive the probation reports from yesterday's interviews? We would like to see those as soon as they are available.  
Finally, I have never gotten any response from you about the laptop computer and other electronic devices seized from my client at the time of his arrest on April 1st. Where are they, and under what authority were they seized? I would like them to be returned immediately and want to know what searches have been conducted of their contents.  
I look forward to hearing from you.
